10 10MG THC GUMMIES IN EACH PACKAGE, 100MG TOTAL

Nothing hits harder than a good night’s sleep — and the farmers behind **OMO Labs** know that better than anyone. That’s why we created the **Strawberry Sleep RSO Gummy**, your new bedside essential for rest that truly restores.

Built on our fan-favorite strawberry base, this gummy is sweet but not too sweet, tart but not too tart, and has that perfect chew you can’t resist.

Then comes the magic: when a full-spectrum **RSO** blend, rich in indica-dominant terpenes and cannabinoids is paired with just the right touch of melatonin and L-theanine — two trusted sleep allies that help calm the mind — it eases you right into dreamland. Around here, we call that the one-two-three punch that knocks you out (in the best way).

Crafted with natural fruit juices for clean-label, true-to-fruit flavor and color; each pack contains 10 perfectly dosed gummies, **featuring 10mg THC, 1.5mg melatonin, and 75mg L-theanine a piece.**

At **OMO Labs**, every creation is made with intention, love, and gratitude, ensuring the highest standards of quality, care, and consistency in every batch.

Enjoy the vibe — enjoy OMO.

***Why OMO RSO? Pure. Potent. Purposeful.**

At Open Minded Organics, we honor the legacy of **Rick Simpson Oil (RSO)** by crafting a true full-spectrum blended extract designed to deliver the complete power of the plant — cannabinoids, terpenes, and flavonoids working together in perfect harmony. The result is a deep, full-body experience that’s as elevating as it is therapeutic.

Full Spectrum. Full Feels. Full You.
